

## What Every American Needs to Know ...

Unwanted, coerced or even forced abortions are common in America. Pregnancy-related discrimination, abuse and injustices, and serious aftereffects are also common.

### Why are they calling abortion **The UnChoice?**

- 64% of abortions involve coercion; 84% were not fully informed.
- Over 50% of women having abortions felt rushed and uncertain, yet
- 67% received no counseling and 79% were not told about alternatives.
- Most suffer symptoms of trauma. Most face a higher risk of injury or death.
- Coercion can escalate to violence. Homicide is the #1 killer of pregnant women.

### After abortion ...

- Risk of death for women is 62% higher after abortion.
- 31% suffer health complications after abortion.
- 65% suffer symptoms of post-traumatic stress disorder (PTSD).
- Clinical depression risk is 65% higher after abortion.
- Suicide rates are 6 times higher after abortion.
